

11-11.30am

- Select decision or issue to focus on
- Choose types of scenarios (could be *several* types)
- Decide how many scenarios to develop
- Decide the spatial scale and timeframe

11.30am-12.00am

- Describe very simply the storylines for each scenario
- Make a list of drivers that will create change

12.00-1pm

- Complete Nasser's table for one scenario
- If you have time, complete tables for a second scenario
