Date became FTN participant:	FTN Manager contact:
November 2008	Ricardo Vargas

DESCRIPTION

Sinature was established under the name of Medex in 2003 in Cochabamba to produce and commercialize garden furniture. As the result of high requests of certified products from European markets, it obtained its CoC through IMO Control.

The meaning of the company name comes from the sentence "yes ('sí' in Spanish) to nature", identified with environment preservation.

The main products are natural color garden furniture exported to Germany, England, Belgium and USA.
